Superb images to illustrate & explain

This truly innovative resource will enhance students' interest and learning when you present, print and display our outstanding PowerPoint presentations. The terminology used is suitable for all students of Geography - simply select the appropriate terms for the relevant age or ability range. The Wordwall presentations can be used on interactive whiteboards, standalone or networked PCs to enhance teaching and learning in a variety of ways. You can present the terms and definitions from within PowerPoint and print and display the slides within the classrooms for ongoing reference. The slides are staged so that the term appears first, then the image and finally the meaning - allowing careful narration and class discussion. From 'Agribusiness' to 'Zoning' the terms are all relevant, clearly explained and superbly illustrated.

desertification

The spreading of deserts naturally or by over-cultivation

Stevenson screen

A white wooden box, 1 m above the ground, housing meteorological instruments.
